CCHSummary

COMMUNITY CHURCH OF HOKAH
204 MAIN STREET
HOKAH, MN 55941

May 29, 2014

To the City of Hokah:

We had a situation take place regarding water usage between December 28, 2013 and January 9, 2014. The usage spiked to 93 gallons an hour resulting in a significant charge on the December and January invoices for Water & Sewer. The usage reports are attached.

I am not able to understand that if this water was actually running at 93 gallons per hour that an issue would not have been discovered sometime during that period. The Pastor is in the building every day and we have services frequently during that period of time and I check the bathrooms every time I am on the premises.

Furthermore we never did discover that anything had occurred either in the kitchen or in the bathrooms that would hve caused the situation to change back to normal as of January 9, 2014.

It appears to me that some sort of meter malfunction must have occurred.

This being the case I request an adjustment on these bill as follows:

December 2013 water bill	(X)	$105.29	
Less: normal usage		($55.00)	
			$50.29
January 2014 water bill	(Y)	$301.58	
Less: normal usage		($55.00)	
			$246.58
Total adjustment requested			$296.87

Kenneth F. Ducke,
Church Council President

HOKAH, MN
